

# Whole Lotta Woman

The Contours

Well, you're my baby with the pretty eyes  
With a pretty face and a pretty size  
And you're so nice, and you're so sweet  
And you're sweeping me right off of my feet

It's you I care for, it's you I adore  
I can't sleep a wink, only could think  
You've got me tossing, tossing at night  
I just wanna hold you tight

You could be short, and you could be tall  
It really wouldn't matter, matter at all  
You look good to me, from your head to toe  
And each day, I love you more and more

And every time I see you, I wish I could  
Take you and keep you, and love you good  
And put my loving arms around you best  
So you could be beside me, to lead me and guide  
To lead me and guide me-whoa, yeah

Whoa, little girl, I'm telling you true  
I can't do without you  
My baby (my baby), you've got to be rider (my baby)  
Whoa, my soul (my baby)  
Say daddy, daddy, daddy (my baby)  
Won't you love me some more (my baby)  
You's a whole lotta woman (my baby)  
You's a whole lotta woman (my baby)

Hey, I said every time I see you, I wish I could  
Take you and keep you, and love you good  
And my loving arms around you, hey  
So you could be beside me, to lead me and guide me  
To lead me and guide me-whoa, yeah

Whoa, little girl, I'm telling you true  
I can't do without you

My baby (my baby)  
Got to kiss me in the morning (my baby)  
Late at night (my baby)  
Say daddy, daddy, daddy (my baby)  
Won't you hold me tight (my baby)  
You's a whole lotta woman (my baby)  
You's a whole lotta woman (my baby)  
You's a whole lotta woman (my baby)  
Hey, hey (my baby)  
Mmm, I say a-baby, bay-a-baby, baby  
Bay-a-baby-bay-a-bay-a-baby baby  
Bay-a-baby baby, bay-a-baby baby  
Bay-a-baby baby
