

Divided

The Convictions

Behind enemy lines, I'm not going down without a fight
Get off your throne and face me (face me!)

Every moment that us led here
Has brought our family pure agony
It's brother against brother
This is where we see your true colors

I'll never back down
You've got something to say, yet you walk away?
I'll never back down
The lies you spread are a disgrace
Come on now say it to my face!

Bring us back to where we started
Back to where we fixed the broken-hearted
Bring us back, bring us back
Take away our past mistakes
Take us back to Your, Your overwhelming embrace
Bring us back, bring us back

I'm not going down
I'm not going down without a fight
Get off your throne and face me (face me!)

I hear the things you say
Words of resentment won't leave me restless
My heart's a fortress
You wanna torch this? Then show me fire

Divided. This is the end of bliss
You've made your stand so here's your death wish
You've made a death wish
I've lost the strength for forgiveness

Bring us back to where we started
Back to where we fixed the broken-hearted
Bring us back, bring us back
Take away our past mistakes
Take us back to Your, Your overwhelming embrace
Bring us back, bring us back

Chaos
Confusion
The deception of the enemy will never stop our destiny
UGH!

You'll never stop us
Like a thief you've come to kill and destroy.
You'll never stop us
God, bring us life and lead us to live full.

Bring us back to where we started
Back to where we fixed the broken-hearted
Bring us back, bring us back
Take away our past mistakes
Take us back to Your, Your overwhelming embrace

Bring us back, bring us back

I'm not going down

I'm not going down without a fight

Get off your throne and face me (face me!)
