## The Convictions

This is our stand  
This is our stand for the good fight

This is the good fight  
We are believers  
Stand strong the pain of persecution won't last long

Believers stand strong, sing along if this is where you belong  
I love the struggle, the scars that shape me  
The persecution only confirms our plan  
I built my faith on broken teeth, speaking the truth through my thick and th  
in History

This is my motivation, hasty remarks from your ignorant mouth  
This is my motivation, separation from this hateful world

My God, my God, please give me the words to say  
You are the answer I needed  
My God, my God they can't take this away from me  
You can't take this from me

You'll pull me down  
You'll never watch me drown

My God, my God, please give me the words to say  
You'll never pull me down

This is the good fight

I've always known  
I know they hate me  
I know, I know  
They hate me

Say what you want  
Say what you will  
We're standing still

I've been knocked down but not destroyed  
I still believe, I still believe this is something worth fighting for  
This is something worth fighting for, everything they have put me through  
Through the bitterness and rage that feeds inside, no matter what  
Stand up for what's right  
Forgive//forget this is the good fight

My God, my God, please give me the words to say  
You are the answer I needed  
My God, my God they can't take this away from me  
You can't take this from me

You'll pull me down  
You'll never watch me drown

My God, my God, please give me the words to say  
You'll never pull me down

No matter what is said and done

Through thick and thin  
Your words won't break the skin  
Stand up for what you believe in!  
Stand firm speak loud  
I will always be proud

I will learn to forgive and forget  
Forgive and forget  
This is the answer I needed
