

# The Will

## The Convictions

God!

I never thought it would be this hard, so hard  
To drown out, to drown out how I feel  
To see through, to see through my emotions

Then I heard your call  
But is this for me?

I'm questioning everything, everything  
Is this it for me?  
Is this what I'm supposed to be?

I can't give up on the boy who made a promise two years ago  
But how could anyone love a selfish ego driven self titled man  
This is me

See, I made a promise, to chase these dreams  
To be what I'm called to be  
God, is this your will  
Is this what you have for me?

I'm questioning everything, everything  
Is this it for me?  
Is this what I'm supposed to be?  
I'm questioning everything, everything  
Is this it for me?  
Is this what I'm supposed to be?

What I wanted and what I needed  
Are completely different things  
Why pick and choose?  
Why pick and choose, pick and choose?

Creator, I'm leaving this all behind  
Creator, by God the voices have fled my mind  
What will remain when I'm gone?  
Heaven's songs about my faith in God  
I can't see now where my dream lives

This is our prayer  
Is this your will, God?  
This is our prayer  
Is this your the will you have for us?  
This is our prayer  
Is this your will, God?  
This is our prayer  
Is this your the will you have for us?  
This is our prayer  
Is this your will, God?  
This is our prayer  
Is this your the will you have for us?
