You ain't never seen another motherfucka  
Talking like he came from the jungle with a mouth like me  
I'm talking to the thotties who be acting like they riders, and in love but  
they bodies like a white tee  
Top, top, I gots to have it  
It make me wanna roll dice and gamble  
You make me wanna get lost and travel  
You make me wanna take you out to pastor  
I don't give a shit about the repurcussions  
Your booty is soft and fat  
It's like you only be eating muffins  
I don't know what you be doing, but just keep it coming  
Back it up, you in the club and the speakers bumping  
Aye, that's it, that's perfect  
Cats drinking out the bowl  
They slurping  
This the version with all of that cursing  
It's white white  
You can meet me in person

Get on the flo'  
Get on the flo'  
Get on the flo'  
Get on the flo'  
Girl, give me some mo'  
Girl, give me some mo'  
I wanna know

Get out the bowl  
Get out the bowl  
Get out the bowl

Kids getting down on the flo'  
You a cat, chase a laser up the wall  
I can't go, I won't stop

Don't pause  
Knock it off, uhh uhh  
Hell nah  
Don't [\*cat noise\*]  
I don't need all that  
Antique Jaguar and the paws don't scratch  
Cream paint so gang, and the seats all black  
Gas tank propane and weed seesaw packs  
Tail so fat, can't run that fast  
We can sailboat back  
It won't be that bad  
Damn, don't do it for the gram  
Can't stand the internet  
Shit is getting outta hand  
Do it for your man  
Shake it for a band  
Make banana bread  
Scrape it out the pan  
Pockets too hot  
Don't touch it with your hands  
You'll burn your ass up  
They'll strike you with a match

Get on the flo'  
Get on the flo'  
Get on the flo'  
Get on the flo'  
Girl, give me some mo'  
Girl, give me some mo'  
I wanna know  
I wanna know  
Get out the bowl  
Get out the bowl  
Get out the bowl  
Get out the bowl  
Get out the bowl  
Get out the bowl  
Get out the bowl  
Would you look at this?
