

Button Smasher

The Copyrights

Hey there button smasher
I'm not going to let you win no more
cause you're really beating my score and I'm loving it
Hey there button smasher
I taught you everything you know
so you gotta let me know how you're doing it
The guys are lining up to play you
they start by letting you win
but pride it over powers hormones
and they try and try and try
but their never gonna beat you
