

Camouflage

The Copyrights

I can see it all now
it wasn't long ago when you couldn't even speak
foot was in mouth
apologies came out with a tongue against cheek
now you've figured it out
and all the problem needed was a little Pr
now your leaders are in suits
and they're looking pretty good when they're passing the bar
You've been trying for so long
but I can't see through the camouflage
I can't see the forest for the trees
You've been trying for so long
but I can't see through the camouflage
I guess the camouflage is exactly what you need
You can see it all now
it wasn't long ago when you were forced off the streets
head was in hands
trying to stop the blood from covering your feet
now you've figured it out
and all the problem needed was a little Pr
you say the wrong things
but in the right way and it's working so far
You've been trying for so long
but I can't see through the camouflage
I can't see the forest for the trees
You've been trying for so long
but I can't see through the camouflage
I guess the camouflage is exactly what you need
