

Solid Connex

The Copyrights

What the f**k are we trying to do here
You're not under a microscope
And yeah they're getting amused, kid
But not in the way you hope
What the f**k are you trying to prove here
Stuffing your rolodex
Are you making some solid connections
At the same time making me sick

You look at me, and you start to see, why I'm getting so annoyed
It's that this hierarchy, is reminding me
Of exactly what we're trying to avoid
This networking, is reminding me
Of exactly what we're trying to avoid
