The Coronas

Cos I fixed myself to you
To have the strength of my body
And the honour of my roots

And our hearts do not get older

But we'll feel as good as new
Can they see the worn out parts?
Well they don't know how their used

Cos our hearts do not get older
They stay as me and you
And we wear them proud like soldiers
Who have stood up for the truth

So close your eyes
Do you picture me the same?
Don't get tired
Cos when I'm with you I have no age
And all these lines dig their holes
They're up and down my face
But everyone else gets old
We just stay the same

So close your eyes
Don't get tired
All these lines dig their holes
