

# Make It Happen

The Coronas

Sometimes we find ourselves  
Looking for something new  
We stand outside ourselves  
Not knowing quite what we should do

I am in debt to you  
I owe respect to you  
But you've got to learn it's gonna turn  
Into neglect for you

And though  
You caught me naked  
I didn't enjoy it  
In fact I regret it  
Let's make it happen  
Why can't you understand  
I am a fraction  
A part of a broken man?

I hope you understand  
It's part of my action plan  
To bury you in the sand  
The tide's gonna turn

When will you learn  
To stop hiding inside yourself?  
I bet you wish you were someone else  
Tell me, when will you learn?

The day's getting longer  
And you're getting common sense  
So get right down off that fence  
Ain't it time that you turned?

And though  
You got me thinking  
You could be faking  
Your ego's inflated and I'm sick of waiting  
Let's make it happen  
Why can't you understand  
I am a fraction  
I am a broken man

Let's make it happen  
Why can't you understand  
I am a fraction  
Part of a broken man?  
My soul is in rapture  
If only we could both hold on  
Let's cause a reaction  
Just like you know we should
