

My Favourite

The Coronas

Remind me again why we keep coming here
Music's too loud I can barely hear you
Get your attention, you already know
Say goodbyes, tell 'em you're tired oh

You're my favourite
I'm not able

Why didn't you tell us you mind?
Did you even know?
Well I guess I'm jealous of that
How could you not know?
Why didn't you tell us you mind?
Did you even know?
Well I guess I'm jealous of that
How could you not know?

Most time I've been making sense
I forced things [?]
(Don't try to change it, don't try to change it)
Twice now you said you had enough
As I watched you somehow self-destruct
(Don't try to change it, don't try to change it)

You're still my favourite
And I'm not able

Why didn't you tell us you mind?
Did you even know?
Well I guess I'm jealous of that
How could you not know?
Why didn't you tell us you mind?
Did you even know?
Well I guess I'm jealous of that
How could you not know?

Twice now you said you had enough
As I watched you somehow self-destruct
(Don't try to change it, don't try to change it)
Most time I've been making sense
I forced things [?]
(Don't try to change it, don't try to change it)

But the world may be afraid of
'Cause I warned myself these things might come up
(Don't try to change it)
Think we've been through enough
(Don't try to change it)
I supposed I got to take it
At least we found a good excuse to love
(Don't try to change it, don't try to change it)
To love
(Don't try to change it, don't try to change it)

You're my favourite
I'm not able

Why didn't you tell us you mind?
Did you even know?
Well I guess I'm jealous of that
How could you not know?
