

Real Feel

The Coronas

Hold no goals, went alone just to meet you in the middle
Said I'm not the kind of person you've been searching for
And I've got to admit I wasn't ready for a real feel person
All hungover by a real feel person, real in person

I think I'm ready
Waste no time, saying things that may sound just a little
But I'm not the kind of person that should ever lie
And I'd never admit I think I'm ready for a real feel person
All hungover by a real feel person, real in person

Let yourself go, there's a reason for everything
And I know it's not easy to let me in
Yeah we've both got things, that make us crazy
Oh I suppose that I shouldn't of warned you
I'm much to old for ever ignoring signs
Yeah it might just tame me this time

Think I'm ready to dream out loud
Picture things and see us in the middle
You know I'm the kind of person who just lets it out
So before I admit at least I'm heading for a real feel person
All hungover by a real feel person, real in person

And I'm already thinking
Oh I should take it slow
I was never one for waiting
I never got that low
I never got that no
I text you out of the blue
I was just wondering would you
I was just wondering would you be something to...

I think I'm ready
I'm ready for a real feel person
I think I'm ready
I'm ready for it...
