

## Real World

The Coronas

This real world is trying to keep me down  
Telling me to keep my feet on the ground  
Well what's wrong with flying high?  
And I'm beginning to realize

Yeah they're trying to deceive us with these lies  
Yeah so please do not believe them  
This real world does not exist yeah  
So please don't be scared

So who's to say what can't be done?  
What we can and what we cannot become?  
And I'm starting to feel alright  
'Cause I'm beginning to realize

Yeah they're trying to deceive us with these lies  
Yeah so please do not believe them  
This real world does not exist yeah  
So please don't be scared

And realize yeah  
They're trying to deceive us with these lies  
Yeah so please do not believe them  
I know you may not see it yet  
But please don't be scared
