

# Take Me With You If You're Leaving

The Coronas

So right away  
I got impatient  
Did it hold me back?  
Did it make me grateful?  
I said I'd try to read much more  
I guess that's what we make plans for

When it comes back  
I'm not gonna waste it  
More self-aware  
Much more persuasive  
Set little tasks and pass the time  
Might ease the guilt of drinking so much wine

So take me with you if you're leaving  
You said we're quits, I think we must be, then  
It's not safe here, I can feel it  
God, why am I so scared to say I need you?  
If I admit that I'm a little lost  
And tell you all about my crazy thoughts  
Well, then that might just make us even  
And you could take me with you if you're leaving

(Take me with you)  
(Take me with you)  
(Take me with you)

When I wake up  
Won't be affected  
Too much hindsight  
Too much perspective  
I thought I'd write you a few nice words  
Somehow I went and made it worse

So take me with you if you're leaving  
You said we're quits, I think we must be, then  
It's not safe here, I can feel it  
God, why am I so scared to say I need you?  
If I admit that I'm a little lost  
And tell you all about my crazy thoughts  
Well, then that might just make us even  
And you could take me with you if you're leaving

(Take me with you)  
(Take me with you)  
(If you go take me with you)  
(If you go take me with you)

If I admit that I'm a little lost  
And tell you all about my crazy thoughts  
Well, then that might just make us even  
And you could take me with you if you're leaving
