

# True Love Waits

The Coronas

Look away I don't wanna be seen  
Stop my heart from running away from me  
Pick you up if that's even allowed  
Stop that play it down  
Squeeze my hand but they don't see  
I'm not sure if it's even safe for me  
Hold it back as much as I can  
Fuck that take a chance

If it's true love, it will wait for us  
And I'll try so hard to prove  
If that's something that you want me to do  
And if I'm holding back or I don't react  
Is it just too good to be true?  
How could things be so much better with you?  
If it's just too good to be true  
How come things are so much better with you?

Don't wanna rush we just got free  
I can't pretend yeah something's changed in me  
As we slow dance in the street  
We don't need no sleep  
Whispering what we need to hear  
Both scared that it might just disappear  
Or maybe we might not even last  
No way not a chance

If it's true love, it will wait for us  
And I've got so much to prove  
If that's something that you want me to do  
And if you're holding back or you don't react  
Is it just too good to be true?  
How could things be so much better with you yeah (Ah)  
If we've got so much to lose  
How come things are so much better with you?

True love  
How come things are so much better with you?  
True love  
How come things are so much better with you yeah?  
Aw maybe it's really this easy you seem fine and maybe you're right  
Aw I suppose I'll just look past this feeling  
It gives us a reason to be anything that we like  
Ah, ah  
How come things are so much better with you yeah  
Ah, ah  
All the things are so much better with you
