

## Fear & Delight

### The Correspondents

Oh but I know you'll cause me grief  
Close friends of mine are in disbelief  
As they can see what's underneath  
Fluttering lashes, red lips, and pearly white teeth

I don't show it but I quiver whenever you come near  
And I cannot decipher between the thrill and the fear  
I want to stop but I like it too much to let it stop here  
It's wrong but I want you tonight  
It was not my own volition but I fell in deep  
By running the distance I'd been advised to keep  
I trot to the wolf as a dotting sheep  
It's wrong but I want you tonight

Fear and Delight  
All the way through the night  
With a little derring-do I'll fall in love with you  
Fear and Delight  
All the way through the night  
With a little derring-do I'll fall in love with you

I'm a little boy who's going to be getting his fingers burnt  
But I can see the lesson's gotta gotta gotta be learnt  
They say that boys have been destroyed but they weren't  
It's wrong but I want you tonight  
In any case my friends it's too late  
Like a moth to light, like a beast to bait  
And I know the black widow eats its mate  
It's wrong but I want you tonight

Fear and Delight  
All the way through the night  
With a little derring-do I'll fall in love with you

I'm an innocent being seduced by your charms  
I'm a young boy tickled to death in your arms  
Your kisses taste like bitter almonds  
It's wrong but I want you tonight  
You're an addiction pulling me to a grave end  
You're an enemy who I'm keen to defend  
Down the black hole of my lust I descend  
It's wrong but I want you tonight  
It's wrong but I want you tonight

Fear and Delight  
All the way through the night  
With a little derring-do I'll fall in love with you

Why is that I'm keen to be devoured by you  
When there's the option of a love affair that's pure and true?  
I always choose the dungeon over the sea view  
It's wrong but I want you tonight  
When I'm out the other side I say never again  
But when I'm out and about I want to find the next vixen  
Someone who'll be sure to drive me round the bend  
It's wrong but I want you tonight

Fear and Delight

With a little derring-do I'll fall in love with you
