

Heaven Held

The Cowsills

La, la, la, la, la, la, la, la, la, la
La, la, la, la, la, la, la, la, la

Some days are dark as night
Some night as light as day
Sometimes I'm lost, then I'm found again
Then drowned again

Sometimes I cry from you
Sometimes I fly from you
Sometimes I'm up then I'm down again
When you've down again

I've been heaven held
Blessed and curse, heaven held
Helped and hurt by lovin' you
I've been heaven held, blessed and cursed, heaven held
Cooled and burned by the things that we've been through

La, la, la, la, la, la, la, la, la, la
La, la, la, la, la, la, la, la, la, la

Sometimes I cry from you
Sometimes I fly from you
Sometime I'm lost then I'm found again
Then drowned again

I've been heaven held
Blessed and curse, heaven held
Helped and hurt by lovin' you
I've been heaven held, blessed and cursed, heaven held
Cooled and burned by the things that we've been through

La, la, la, la, la, la, la, la, la...
