The Cowsills

I can't sleep in daytime
I can't sleep at night
And it feels like a lifetime
When my head was spinning
While I was about to give in to love

I've been high now I be low

She decided my future
I was lookin' for a lover but I got was a heartache

I've been high now I be low
(Low so, so low)
I've been high now I be low
(Low so, so low)

I was lookin' for love
I was lookin' for love, yeah
I thought I found it

I was feelin' so good
Until that girl of mine
Well she decided my future
I was lookin' for a lover but what I got was a heartache tonigh
