

River Blue

The Cowsills

Flowing, flowing, slowing down
Over rocks and under ground
Sometimes smooth and sometimes soothing
Sometimes rough and most times moving

River Blue
(River Blue)
And so am I
(So am I)
Ever since baby
Passed me by
(By by by by by by by by...)

Now I'm sitting all alone
Wond'ring where she could have flown
Maybe she went upstream, downstream
Or perhaps she's found a new stream

River Blue
(River Blue)
And so am I
(So am I)
Ever since baby
Passed me by

Now it's time for me to wonder
Find a place where I can ponder
And I'll say it once again
But it just won't be the same

River Blue
(River Blue)
And so am I
(So am I)
Ever since baby
Passed me by
River Blue
(River Blue)
And so am I
(So am I)
Ever since baby
Passed me by
(By by by by by by by by...)
