

# Always

The Cranberries

Here's the song  
Here's the song  
That I wrote just for you  
Sing along to the song  
That I wrote just for you

Always, always  
Always be the sunlight shining  
Always, always  
Always be the sunlight shine on me

You're so fine and you're mine  
Everything about you  
Heaven knows  
What could I do without you

Always, always  
Always be the sunlight shining  
Always, always  
Always be the sunlight shine on me

Here's the song  
Here's the song  
That I wrote just for you  
Hope you like the song  
That I wrote just for you
