

# Dreaming My Dreams

The Cranberries

**C G Ami F**

**C G Ami F**  
All the things you said to me today

**C G Ami F**  
Changed my perspective in every way

**C G Ami F**  
These things count to mean so much to me

**C G Ami F**  
Into my faith you and you're baby

**C G**  
It's out there

**Ami F**  
It's out there

**C G**  
It's out there

**Ami F**  
If you want me I'll be here

**C G**  
It's out there

**Ami F**  
It's out there

**C G**  
It's out there

**Ami F**  
If you want me I'll be here

**C G Ami F**  
I'll be dreaming my dreams with you

**C G Ami F**  
I'll be dreaming my dreams with you

**C G Ami**  
And there's no other place  
**F**

That I'd lay down my face

**C G Ami F**  
dreaming my dreams with you
