

## The Wolf

## The Crane Wives

I am not a builder  
I'm much better at blowing things down  
I will join the wolf  
At my door  
Breathing out storms when she comes around  
She comes around  
She comes around

I am not a tempest  
I light torches in my sleep  
I have gasoline in my veins  
I am always burning, burning, burning

Can it be  
Can it be easy for once  
Cause I'm no good at being kind to myself  
Or anyone

I am a falling axe  
I am a sharpened knife  
I am a poison asp  
I am a risk to your life

My love  
My love

Can it be  
Can it be easy for once  
Cause I'm no good at being kind to myself  
Or anyone

Can it be  
Can it be easy for once  
Cause I'm no good at being kind to myself  
Or anyone

I am a falling axe  
I am a sharpened knife  
I am a poison asp  
I am a risk to your life  
I am a swinging bat  
Tumbling dynamite  
I am a beast at your back  
You better run for your life  
Your life

I am not (I will join the wolf)  
I am not (I will join the wolf)  
I am not (I will join the wolf)  
I am not
