

Another Number

The Crips

I'm alone and I'm cold
Just another number on another road
I'm alone and I'm cold
Just another number on another road
And I never knew my name
And I never knew my name

I'm alone and I'm cold
Just another number on another road
I'm alone and I'm cold
Just another number on another road

I get sucked in for hours
Over the smallest things, yeah
I get sucked in for hours
Bah dah, bah dah dah
Bah bah bah dah dah dah
Bah dah, bah dah dah
Bah bah dah dah dah dah

And I never knew my name
And I never knew my name
