Run a Mile

The Cribs

Overseas, under leaves
In the room, inside you
Every time I'm all alone
Taking turns to turn it 'round

Can't you see it's them or me?
We're wasting time
Run a mile
You've labelled me but you'll never see, yeah

Getting back, laying low
I don't remember anything like that at all
I'll nod my head, but won't agree
I'd never seen that side to me

Don't you see it's them or me?
We're wasting time
Run a mile
You've labelled me but you'll never see, yeah

Don't you see it's you or me?
We're wasting time
Run a mile
Can't you see it's killing me?
