

Where Did Our Love Go?

The Crookes

Silent screams ripped the seams of teenage dreams.
Empty words so absurd, my heartbreak smirks.
We gave all we could, was it ever enough?

Years were spent sharing beds with you my friend.
Boys in love just enough to not screw up.
You once cared for me, love bound with melody.

I wonder if you know, we don't dance alone?
Tell me boy; where did our love go?

Did you shirk, skive or smirk? Nothing works!
We were scum on the run from boredom.
We gave all we could, still our faith wasn't matched with luck.

I wonder if you know, we don't dance alone?
Tell me boy; where did our love go?
Forever slipped away,
You'll sing one day "Where did our love go?"

You're on the clock, I'm out of time.
Were you ever a friend of mine?
So take off your face and waste a chance.
You work to live, I live to dance
to dance

Tell me boy; where did our love go?
Forever slipped away,
You'll sing one day "Where did our love go?"

You're on the clock, I'm out of time.
Were you ever a friend of mine?
So take off your face and waste a chance.
You work to live, I live to dance
to dance

Tell me boy, where did our love go?
