

## Times Table

### The Cross Movement

As time stretches, sketches of a blood drenched cross  
Flood my thoughts, my heart feels pain for the lost  
They remain their own boss, play but the games' lost  
Not jus anyone can hang to pay what it cost unblemished  
Arms hang from East to West, said "It's finished"  
Sin got rocked, when the Love stepped in it  
Christ got pound, in town center like it was Greenwich  
Now my ex-girl the world only wants to chase spinach  
And keep her rims spinnin, yeah they shinnin but listen  
Huh, we're dinnin wit death, jus as long as we're livin  
Contradiction, I think not, the Bible's non-fiction  
And life is but a vapor, wiped away wit omniscience  
What will you answer be to a God who's risen  
Wit all power, your hour is comin trust you wont miss it  
Or better yet it wont miss you  
I promise, my God is the bombest, what He says come true  
And He said through men wit pens  
That if I believe in the Son Jesus Christ, I can get back to Hi  
m  
Through one man came sin, the other came life  
The first man was Adam, the last man was Christ

#### CHORUS:

One plant, one race, one life, one cross  
One sin, one end, cause Man was lost

One Father, one Son, one Spirit and all  
Men must come through Him, cause thats what it cost

You'll be judged like Ito, light or the heat yo  
Despite what you think, to Christ there's no equal  
Chose eternal life or crash and burn like Kenievel  
They all fall down, when to ball is the steelo  
He'll back will you leave as one of His people  
Or be stuck, cause your tried to push a camel through a needle  
I couldnt imagine what had to happen  
A father turned His back on His Son  
Let Him take the wrath and smashed Him  
His life lad down, equals love everlastin  
I'm hype on grace now it far exceeds cheddar stackin  
I got better backin from a smaller label  
My stomach is full, I dont eat from the kings table

#### CHORUS
