

On Broadway

The Crystals

I hear the neon lights are bright on Broadway
I hear that dreams come true there every day
I hear the life don't get you down
The way it gets you in this small town
I swear I'm gonna get me there some way

They say the girls all dress real fine on Broadway
They say there ain't a thing that you can't buy
They say that you can be someone
And it don't matter where you come from
I swear I've gotta get there or I'll die

They say that you can be someone
And it don't matter where you come from
I swear I've gotta get there or I'll die
I swear I've gotta get there or I'll die
I swear I've gotta get there or I'll die
