Yeah it's a big bright beautiful world Just the other side of the door Six billion beautiful faces But I saw them all before...

No this is not about running out on you Not a case of right or wrong It's only that it's over and done for me It's already been and gone

And I don't want another go round - I don't want to start again No I don't want another go round - I want this to be the end I want this to be the end - I don't want to start again I want this to be the last thing we do It for me and you...

For all my dreams came true
Yeah I know I should care if you come with me
Yeah and I should care if you go
Really should care about your love or your hate of me
Yeah I should care...but I don't

And it's not about giving up on you It's not a case of do or die It's simply that it's over and out for me There's no more room inside

And I don't want another run around - I don't want to start again No I don't want another run around - I want this to be the end I want this to be the end - I don't want to start again I want this to be the last thing we do It for me and you...

Yeah it's a big bright beautiful world out there Just the other side of this door Six billion beautiful faces await But I saw it all before...

No this is not about running out on you Not a case of right or wrong It's only that it's over and done for me It's already been and gone

And I don't want another go around - I don't want to start again

No I don't want another go around - I want this to be the end

I want this to be the end - I don't want to start again

I want this to be the last thing we do - this to be it for me and you

This to be the last we go through

This to be the end

For all my dreams came true
