The Cure

I'm breaking up again
I feel it in the air
I'm really not sure what to say
I don't remember being there at all
Yeah, I know
There's no question that I was
But the answers that I have are not the answers that you want

So it's all
Don't know, I really don't, and all
Think so, but maybe not, and all
Could be a case of me misplacing my identity?
Yeah, all
Don't know, I really don't, and all
Think so, but maybe not, and all
I guess it's more or less like ending up as nobody?

Down, down, down
Yeah, I'm pretty much done
Staring down the barrel of the same warm gun
Down, down, down
Yeah, I'm pretty much done

I lose my reason
When I fall through the door
Endless black night
Lost in looking for more
At least I know now
How I lose it before
One last shot at happiness

I know there's something up, it's all so hit and miss
I'm trying to make some sense of it
I guess the explanation is
I can't any more
If I ever really could
Kind of strange to think it takes this long to get misunderstood

So it's all
Don't know, I really don't, and all
Think so, but maybe not, and all
Could be a case of me displacing my reality?
And all
I guess it's more or less the way that it was meant to be?

Down, down, down
Yeah, I'm pretty much done
Staring down the barrel of the same warm gun
Down, down, down
Yeah, I'm pretty much done

I lose my reason
When I fall through the door
Endless black night
Lost in looking for more
At least I know now
How I lose it before

One last shot
