

# Your God Is Fear

The Cure

Your god is fear  
That all you are  
Is all there is  
Your god is fear  
And nothing more  
Of all of this  
Your god is fear  
Been and gone  
in the blink of an eye  
Fear of ever breathing  
Fear of ever leaving  
Fear of ever changing  
Forever, for now  
Your god is fear  
Your god is fear  
Your god is fear  
Your god is fear  
That all you are  
Is all there is  
Your god is fear  
Of nothing more  
Than all of this  
Your god is fear  
Been and gone  
In the blink of an eye  
Fear of ever choosing it  
Fear of ever losing it  
Fear of ever playing  
Forever, for now  
Your god is fear  
Your god is fear  
Your god is fear  
Just for a moment  
Feel it inside  
Feel it alive  
Feel your desire  
Feel it catch fire  
Feel it inspire  
How all you are  
Is all there is  
Nothing ever moves  
In anything  
Open your mind  
Step out of time  
Let yourself die  
And your god is  
Your god is  
Your god...
