

Cry

The Cyrkle

I'm sick n tired of all your cryin'
Around the house
I'm sick n tired of all your lyin'
Shut your mouth
You're paranoid
So I can't take it anymore

Why do you weep
Like a willow weepin' in the street
Why do you bawl like a baby when he's had a beatin'
Why do you cry, I I I I

Now I don't want you hangin' on me, anymore
I don't want you dependin' on me
Shut the door
You're hangin' on just because you're just so insecure

Why do you weep
Like a willow weepin' in the street
Bawl like a baby when he's had a beatin'
Why do you cry, I I I I

You keep sayin' you can't get along without me baby
But you cry beggin' please
But the way to go about it is to be a quiet girl
And I'll give you everything you need

Why do you weep
Like a willow weepin' in the street
Do you bawl like a baby when he's had a beatin'
Why do you cry, I I I I

You keep sayin' you can't get along without me baby
But you cry beggin' please
But the way to go about it is to be a quiet girl
And I'll give you everything you need

Stop to tryin' to fight me now you're lyin'
Hear me lost
Well I may be a rolling stone
But I am, gathering moss
I'm tired of being half of your group therapy

So go on and
Weep like a willow weepin' in the street
You bawl like a baby when he's had a beatin'
Go on and cry, I I I I
