

Cells

The Damned Things

I want to kill, I don't want to be killed, I'm a simple man
I want to love, I don't want to be loved, now you fucked up all
my plans

Don't want to die or take a seat at the table

Oh, I'm not willing, not ready, not able

Everybody come close or I'll explode

Don't calm me down when all I want is a reason to stay awake
I nailed myself to the cross of an empty bed with a sick mistake

I said I'm sorry but I say it so much, goddamn I get the feeling
that I'm losing my touch

Don't look at me like that, I know, I know

I know, I know, I know

We are stars colliding

We are cells dividing

We have all the time in the world but never the timing

We are stars colliding

We are cells dividing

We have all the time in the world but never the timing

Ah fuck

I'm in a hurry, let's get this wrong, I'm a busy man

Made my confession in the back of a car on a broken promised land

I know the devil, I have God as my witness

Come raise the dead, 'cause I'm not willing to miss this

No, you stay right here, I'll go, I'll go

I'll go, I'll go, I'll go

We are stars colliding

We are cells dividing

We have all the time in the world but never the timing

We are stars colliding

We are cells dividing

We have all the time in the world but never the timing
