

# Dead Beat Dance

The Damned

Dead beat souls beat Death's hammer

Ashes to ashes, dust to dust  
Life comes to a halt  
Here we waltz to the funeral, boys  
Where the dancing never stops  
It never stops

Dead beat souls beat Death's hammer

Out of my brains for the last time  
I'm runnin' free and I feel fine  
The hard times will hurt you, child  
The ticket's sold as long as it's not mine  
It's not mine

We know from whence he came  
And we know where he goes

Dead beat souls beat Death's hammer

We know from whence he came  
And we know where he goes  
He'll make you scream in pain  
After your death throes  
After your death throes

Who knows from whence he came  
And who knows where he goes?  
Doctor Death  
Doctor Death
