

Evil Spirits

The Damned

At last a tribal vacancy but you can't get what you want
You waited years so patiently but you can't get what you want
And if you can't get what you want, you can't get what you want
There might be something wrong, yeah, or maybe something going
on

Long overdue to stop the rot but it feels like nothing's change
d

At last the Evil Spirits gone but it feels like nothing's chang
ed

If it feels like nothing's changed, feels like nothing's change
d

Just colours rearranged, yeah, there must be something going on

He comes each other vacancy but you can't get what you want
You waited years so patiently but you can't get what you want
And if you can't get what you want, you can't get what you want
There might be something wrong, yeah, he knows something going
on

He knows something going on

Yeah, the Evil Spirits gone

Yeah, the Evil Spirits gone

Gone, gone, gone

Yeah, the Evil Spirits gone

Gone

Gone
