

Like It Is

The Damnwells

Everybody wants to be on your mind 'cause you're one of a kind
Aren't you baby

Everybody wants to be on your side
Come along for the ride if you want to baby

Don't tell me like it is
Just how it could be
Like I want
Not how it would be
Don't tell me like it is
Like it is
Like it is
Like it is

December never waits for your arms to hold
All the things've grown cold in the mirror baby

So come and lead me on
I'm your face to hold or replace
I'm sold if you want me baby

Don't tell me like it is
Just how it could be
Like I want
Not how it would be
Don't tell me like it is
Like it is baby
Like it is
Like it is

Don't tell me like it is
Just how it could be
Like I want
Not how it would be
Don't tell me like it is
Like it is baby
Like it is
Like it is
