

Inside The Outside

The Dandy Warhols

To see beyond the outside
It's to keep your thoughts alive
With a song inside it's never cold
With a song inside it's never cold outside

To see beyond the outside
It's to keep your thoughts alive
With a song inside it's never cold
With a song inside it's never cold outside

("If you've built something from the inside out
Then you won't have any difficulty in penetrating
From the outside in")
