

## Come Down

### The Dangerous Summer

I feel like the pulse in my veins  
We were dying on the lawn  
I think I lost control in my brain  
And you were crying on the phone  
And yeah I know it's work  
But we can make it better  
You're settling the cut  
So we can see the world  
Yeah, we could find the summer

But it's so hard to come down  
Yeah, it's so hard to come down  
Anyway

I've lost you in the dawn of my haze  
I was dying on my own  
I'm lucky that you stand in my way  
Don't untie me anymore  
And yeah I know it hurts  
I'll try to make it better  
I'm sorry that I fucked  
With everything you love  
Still need to find my center

But it's so hard to come down  
Yeah, it's so hard to come down  
Yeah, it's so hard to come down  
Yeah, it's so hard to come down  
Anyway

But it's so hard to come down  
Yeah, it's so hard to come down  
Yeah, it's so hard to come down  
Yeah, it's so hard to come down  
Anyway
