

The Best Part of Letting Go

The Dangerous Summer

I keep my head on right
As I dive through the chemicals
The best part of letting go
And now I hold on tight
To all these signs
They're always right

I found my purpose
It's gotta hold on me
It's what makes me crazy
It's what helps me sleep
I found my purpose
It's gotta hold on me
It's what makes me crazy
It's what helps me sleep

I keep my heart on fire
As I climb through the marigolds
It feels like I'm getting close
But now I hold on tight
Through all these nights
At least I'll try

I found my purpose
It's gotta hold on me
It's what makes me crazy
It's what helps me sleep
I found my purpose
It's gotta hold on me
It's what makes me crazy
It's what helps me sleep

I found my purpose
It's gotta hold on me
It's what makes me crazy
It's what helps me sleep
I found my purpose
It's gotta hold on me
It's what makes me crazy
It's what helps me sleep
