The Dare

Ahh-

I'm so unsatisfied
And Lord, I've tried
To do everything right
Ohh- Gun to my head
I don't wanna die, just need some rest
Ohh- And the fear is in my blood
And the blood is in my head
And the fear will see me dead
From all this-

Movement, movement, movement, movement
Movement, movement, movement, movement

Movement, movement, movement, movement
Movement, movement, movement, movement

(Woo-oo-oo)
(Ment-ment-ment)
Woo

Ugh- I never felt so good (Never felt so-)
I never felt so alive
I never felt so close to you
I never felt so right
Until it stops
And I can't come down
No I can't come down
No I can't come down
No I can't come down
No I can't come down
From all this movement

(Th-hi-hi-s)
Movement
Movement
Movement
Movement
Movement
Movement
Movement
Movement
Movement
Movement

Woo!
