

Can I Trust You

The Dave Clark Five

Can I trust you with my heart?
Will you be true?
Can I trust you with my love?
Will it be safe with you?

I've had my heart broken before
I've been sad and blue
I don't want that to happen again
Can I trust you?

I think you're the one
But can I be sure?
I've been led astray
So many times before

Can I take a chance and hope
I've found a love that's true
Little girl, what shall I do?
Can I trust you?

I think you're the one
But can I be sure?
I've been led astray
So many times before

Can I take a chance and hope
I've found a love that's true?
Little girl, what shall I do?
Can I trust you?
