

Devoted To Me

The Dave Clark Five

She was a good girl, and I was bad boy
But she'd always understand
And when I fell down, then she'd always picked me up
I thought this couldn't be bad

Tell me where can you find such a girl so devoted to me?
Come and see
Tell me where can you find such a girl so devoted to me?
Love me

I can do nothin' wrong, she'd always sympathize
Even though I sent her home
Oh, and there's times that I wonder why she never ever cries
Could it be she's made of stone?

Tell me where can you find such a girl so devoted to me?
Love me
Tell me where can you find such a girl so devoted to me?
Come and see

I guess I'll never know what makes her stick with me
She's like a yo-yo on a string
Some day I'll realize that this old girl is the best thing
That I ever had

Tell me where can you find such a girl so devoted to me?
Tell me where can you find such a girl so devoted to me?
