

## Ever Since You've Been Away

The Dave Clark Five

Ever since you've been away  
I've been a boy with an illusion  
Ever since you've been away  
You left me nothin' but confusion

Won't you please hear my plea?  
Won't you come home to me?  
'Cause I need you ever since you've been away

Ever since you've been away  
You left me nothing but your lyin'  
Ever since you've been away  
You know I always end up cryin'

Won't you please hear my plea?  
Won't you come home to me?  
'Cause I need you ever since you've been away

Won't you please hear my plea?  
Won't you come home to me?  
'Cause I need you ever since you've been away

Need you ever since you've been away  
Yes, I need you ever since you've been away
