The Dave Clark Five

Funny
How things happen
Funny
But it's true

How do you think that I
Can just sit here and cry?
How can I make you come to me
So we can wind up happily?

Funny
How things happen
Funny
But it's true

If you try to do
The things I ask of you
If you let me hold you tight
I'll see you ev'ry night

You fly around with other guys
And show them that you're true
But how can I make you understand
They want to see you sad and blue?

Funny
Now, I ask you
Funny
If you say

You will always be my girl
And set me in a whirl
You will always stay with me
That's your answer can't you see?

Funny
It's funny
