

Monday, blue day
Was the day I got your letter
You said, "Goodbye"
It would turn out for the better

So go on if you can
Mmm, take the life we planned
Go on hurtin' me
Oh, how wrong you'll be

Sunday, good day
Was the day before you left me
We had good times
But now time stands still forever

So go on if you can
Mmm, take the life we planned
Go on hurtin' me
See how wrong you'll be

Come back to me
But go on if you disagree

Tuesday, good day
Was the day you said, "Forgive me"
I said, "Gladly"
Come straight back and make me happy

So come back if you can
Go on take my hand
Say you'll never leave me
'Til eternity

But come back to me
Go on if you disagree
