

I'll Never Know

The Dave Clark Five

I'll never know
Because it bothers me
I'll never know
It's plain to see

You played your hand
I don't understand
I'll never know

I'll never know
When you came along
I'll never know
I could do no wrong

I know you lied
These tears I cried
You'll never know

You're in the picture on my shelf
I often wonder if you came around
But here I go again, I'm hoping to myself

I'll never know
Cause it bothers me
I'll never know
And it's plain to see

You played your hand
I don't understand
I'll never know

You're in the picture on my shelf
I often wonder if you came around
But here I go again, I'm hoping to myself

I'll never know
When you came along
I'll never know
I could do no wrong

I know you lied
These tears I cried
You'll never know
