

If You Come Back

The Dave Clark Five

If you come back I'll love you night and day
If you come back I'll love you come what may
Tell me that you care
Tell me that you'll share
Our love
Our love

If you come you'll find me waiting here
But if you don't I know there'll be some tears
Tell me that you care
Tell me that you'll share
Our love
Our love

I know I've hurt you so before
But this time I'll be true forever more

If you come back I'll love you night and day
If you come back I'll love you come what may
Tell me that you care
Tell me that you'll share
Our love
Our love

I know I've hurt you so before
But this time I'll be true forever more

If you come back I'll love you night and day
If you come back I'll love you come what may
Tell me that you care
Tell me that you'll share
Our love
Our love
Our love
