

It Don't Feel Good

The Dave Clark Five

See my baby, see her walkin' hand in hand
See my baby, she's walkin' with another man

You know that I love her
And it brings me down
And it don't feel good now

Now that it's started, there's nothin' I can do
Now we're parted, I act like I never knew

You know that I love her
And it brings me down
And it don't feel good now

I never knew, that love could be, so far apart
And now I wish, that I could go back to the start
Again, again

See my baby, see her walkin' hand in hand
See my baby, she's walkin' with another man

You know that I love her
And it brings me down
And it don't feel good now
And it don't feel good now
