Julia

The Dave Clark Five

Oh, it was only yesterday she went walkin' out of my life
Mm, I was taken by surprise had no time to realise why
Oh, suddenly the world had stopped, ev'rything went rushin' on by
I lost the only girl I ever cared about, I wish I could die

No, I can't forget my Julia
No, I can't forget her smile
No, I can't replace my Julia
No, I can't forget my lovin' Julia

Will I ever, ever find happiness and peace of mind are mine
It would take a miracle, and I can't see it happenin' to me
I said, I'm feelin' like a child again she is gone but I am not free
If she ever came back it would seem like Heaven to me

Oh, I can't forget my Julia
No, I can't forget her smile
No, I can't replace my Julia
No, I can't forget my lovin' Julia
