

# Please Love Me

The Dave Clark Five

I don't know why the sun shines  
Or even what makes the rain  
I only know that I love you  
And want you to love me again

Love me, whoa-oh-oh, love me  
That's what I'm hopin' for  
'Cause the rain comes down  
And the sun don't shine anymore

I don't know where the moon's gone  
I can't see a single star  
I only know that I love you  
And want to be where you are

Love me, whoa-oh-oh, love me  
That's what I'm hopin' for  
'Cause the rain comes down  
And the sun don't shine anymore

Love me, whoa-oh-oh, love me  
That's what I'm hopin' for  
'Cause the moon's gone down  
And the stars don't shine anymore

Love me, whoa-whoa-whoa, love me  
Please love me, whoa-whoa-whoa, love me  
Love me
