

She's a Loving Girl

The Dave Clark Five

She's got everything
That I need
It makes me feel good
When she's around

She's a lovin' girl
She's a lovin' girl
She's got everything
She's a lovin' girl, ow

It gets me so down
When she's away
But then she'll come back
And all I can say

She's a lovin' girl
She's a lovin' girl
She's got everything
She's a lovin' girl, ow

There's no reason for me to worry
She'll come back and in a hurry
There's no need for me to doubt her
She's too good to me
She's too good to me, ow

She's got everything
That I need, mm-mm
It makes me feel good
When she's around

She's a lovin' girl
She's a lovin' girl
She's got everything
She's a lovin' girl
